The above restaurants are all within a 5 – 10 min walk or a 2-minute drive from the Motel.

If you wish to do a meal chargeback to the motel you will need to show your room key to the waitress and advise that you are staying at ASURE Albert Park Motor Lodge and wish to chargeback your meal. The restaurant will confirm your chargeback with our reception.

It would be helpful if you could advise reception on arrival of your intentions to have a meal charged back to your room. We can then ensure that we receive the bill from the restaurant before we checkout your booking. If the restaurant provides you with a copy of the chargeback please leave this with your room key on departure for us to attach to your invoice for your Company's records.
